**FIGHT BACK CORONAVIRUS**

WITH CORONAVIRUS CASES ON THE RISE, HERE ARE SOME BASIC TIPS ON HOW TO STAY SAFE

- If you have to leave the safety of your house to go to public spaces, wear gloves or mittens, and keep them on at all times, especially inside buses.
- Avoid handshakes, but if you must, remember to consciously keep the hand away from your eyes, nose and mouth, even if you are itchy.
- Do not reuse your gloves. Change and wash them daily. And never put on damp gloves.
- If someone sneezes or coughs in your presence, step back immediately. Avoid hugs.
- In your house, replace old towels with clean, washed ones. And do not share your towel with anyone.
